	Whole Database Encryption	Column Encryption (incl Col-E)	Combined (Whole/Column)
Encryptionizer for SQL Server			
MSDE/SQL Express * - Single Processor	\$3,500	\$3,500	\$5,250
MSDE/SQL Express * - Multi Processor (up to 2 procs)	\$5,000	\$5,000	\$7,500
SQL Workgroup * - Single Processor	\$4,250	\$4,250	\$6,375
SQL Workgroup * - Multi Processor (up to 2 procs)	\$6,000	\$6,000	\$9,000
SQL Standard * - Single Processor	\$5,500	\$5,500	\$8,250
SQL Standard * - Multi Processor (up to 4 procs)	\$8,000	\$8,000	\$12,000
SQL Standard - each add'l 2 processors above 4	\$1,000	\$1,000	\$1,500
SQL Enterprise - Single Processor	\$10,000	\$10,000	\$15,000
SQL Enterprise - Multi Processor (up to 4 procs)	\$15,000	\$15,000	\$22,500
SQL Enterprise - each add'l 2 processors above 4	\$1,500	\$1,500	\$2,250
Encryptionizer x64 for SQL Server			
MSDE/SQL Express * - Single Processor	\$3,850	\$3,850	\$5,775
MSDE/SQL Express * - Multi Processor (up to 2 procs)	\$5,500	\$5,500	\$8,250
SQL Workgroup * - Single Processor	\$4,675	\$4,675	\$7,013
SQL Workgroup * - Multi Processor (up to 2 procs)	\$6,600	\$6,600	\$9,900
SQL Standard * - Single Processor	\$6,050	\$6,050	\$9,075
SQL Standard * - Multi Processor (up to 4 procs)	\$8,800	\$8,800	\$13,200
SQL Standard - each add'l 2 processors above 4	\$1,100	\$1,100	\$1,650
SQL Enterprise - Single Processor	\$11,000	\$11,000	\$16,500
SQL Enterprise - Multi Processor (up to 4 procs)	\$16,500	\$16,500	\$24,750
SQL Enterprise - each add'l 2 processors above 4	\$1,650	\$1,650	\$2,475

A single license will cover a production server, passive backup server and a development machine. Volume discounts are available.

License type above is based upon the edition of SQL Server that Encryptionizer will protect and the number of processors of the server, and is determined by the highest configuration level of the covered machines.

Encryptionizer DE (for non-SQL desktop databases)	Combined
DE Server (web server)	
Single Processor	3,000
Multi processor	5,000
DE Workstation (standalone)	
installation on up to 10 workstations	5,000

Support (required for first year) **

Silver Support: email support, plus product updates 15% (\$750 minimum)
 Gold Support: phone & email support, product updates 20% (\$1000 minimum)
 Emergency Response available 24/7 as add-on to Gold Support
 -- cost per incidence: \$250 for 1st hour or portion thereof; \$100 per additional 1/2 hour

If you are a developer who wishes to embed Encryptionizer into your distributable applications, please contact us for distribution licensing

* Microsoft's SQL Server 2005 Express Edition only supports a single processor; Workgroup edition up to 2 processors; Standard

** First year support required. Continuous support is required in order to receive product updates in any later year. Support is automatically renewed annually, unless specifically declined.

[Support and Maintenance Terms and Conditions](#)

*** for installation on an x64 OS, see Encryptionizer x64 for SQL

Prices are valid for 30 days and are subject to change without notice.
